**NORTHWESTERN ILLINOIS AREA AGENCY ON AGING
REQUEST FOR PROPOSALS FOR FY2019-2021
TITLE III-B, III-C, III-D AND III-E OLDER AMERICANS ACT AND
STATE OF ILLINOIS GENERAL REVENUE FUNDS**

**NORTHWESTERN ILLINOIS AREA AGENCY ON AGING
AND THE AREA PLAN ON AGING**

The Northwestern Illinois Area Agency on Aging (NIAAA) is a not-for-profit organization designated by the Illinois Department on Aging (IDOA) as the funding agency for aging services for the northwestern Illinois region known as Area 01. Area 01 is comprised of nine counties which are: Boone; Carroll; DeKalb; Jo Daviess; Lee; Ogle; Stephenson; Whiteside, and Winnebago Counties. The NIAAA Board sets policy and makes decisions about programs/ funding and is advised by an Advisory Council composed of members from throughout Area 01.

Funds available through this Request for Proposal (RFP) are distributed through IDOA to NIAAA based upon state funding formula and an approved FY19-21 NIAAA Area Plan on Aging (Area Plan) for Area 01. The Area Plan is a funding vehicle to distribute funds from IDOA to NIAAA. The Area Plan includes demographic information, needs assessment data and service delivery priorities for Area 01. All funding described in the RFP is contingent upon the acceptance of NIAAA's Area Plan by IDOA.

PURPOSE OF OLDER AMERICANS ACT/ILLINOIS GENERAL REVENUE FUNDS

The essential mission of the Older Americans Act (OAA) is to foster maximum independence by providing a wide array of social and community services to older persons targeting those in poverty, minority, living alone, frail, over age 75, limited English proficiency, rural and at risk of institutional placement. The OAA provides funding for delivery of social, nutritional, and other supportive services to older persons under a provision of the OAA that is known as "Title III".

The OAA is expected to be reauthorized in 2019 which may require changes or additional requirements for services not described in this RFP.

PURPOSE OF THE REQUEST FOR PROPOSALS

The purpose of this RFP is to solicit grant applications for the delivery of services in Area 01 for federal fiscal years 2019-2018. The federal fiscal year for 2019 begins October 1, 2018.

NIAAA proposes to distribute the OAA Title III and State of Illinois General Revenue Funds (GRF) funding for services to persons aged 60 and older, caregivers and grandparents raising grandchildren in the nine counties comprising Area 01.

Services open for bid in this RFP include all or portions of this nine county area. This RFP is distributed widely to comply with federal requirements for an open competitive application process. The RFP has been advertised in the authorized State of Illinois newspaper and through additional means.

ELIGIBLE APPLICANTS

NIAAA invites applications from public, governmental, private not-for-profit agencies or proprietary organizations. Funding of proprietary organizations must be pre-approved by IDOA. Grantees are prohibited from receiving a profit from the grant award.

Federal regulations state that organizations are eligible to participate in OAA programs without regard to their religious character or affiliation, and those organizations may not be excluded from the competition for OAA grant funds simply because they are religious. 45 C.R.F. § 87.

PERIOD OF AWARD

The results of this RFP will determine the grantees NIAAA intends to fund for specified services for NIAAA's three-year Area Plan period Fiscal Years 2019-2021. NIAAA's fiscal year coincides with the federal fiscal year which is October 1 through September 30. Since NIAAA receives appropriations on an annual basis, funding levels are determined annually for each fiscal year (i.e. FY19, FY20, and FY21).

Grant awards for FY19 are for the period October 1, 2018 through September 30, 2019 with NIAAA having the option of extending the grant annually for FY20 and FY21. Extensions are dependent upon satisfactory performance by the grantee as determined in the grant. Should a grant not be extended, NIAAA has the option of having an RFP for services not extended.

If the Area Plan is approved, NIAAA awards will be based on revenue projections from the Federal government and IDOA. **Actual annual Federal and State appropriations and adjustments in the IDOA funding formula for the distribution of funds may decrease or increase available revenues for the award period.**

NIAAA reserves the right to revise any projection or award based upon actual receipt of sufficient funds to meet its obligations, or any legislative, administrative, or judicial rule, order or regulation requiring and/or necessitating a revision or reconsideration of funding decisions.

The following two tables of this RFP contain projected funds available by county (as of the date of publication of this RFP) and people and unit projections.

POPULATION TO BE TARGETED AND SERVED

Eligible Groups Any person age 60 years of age or older may receive Title III services. For Title III-E services, a caregiver is defined as an adult family member, or another individual, who is an informal provider of in-home and community care to an older individual. A grandparent (step-grandparent or relative of a child by blood or marriage) is defined as a person who is 55 years of age or older and lives with the child and is the primary caregiver of the child because the biological or adoptive parents are unable or unwilling to serve as the primary caregivers. A grandparent may have a legal relationship to the child (i.e. legal custody or guardianship) or may be raising the child informally.

There is no citizenship or residency requirements for Title III/GRF funded services.

Targeting

The target groups for the above services are older individuals:

- In greatest economic need;
- In greatest social need;
- Living in rural areas;
- with severe disabilities and at risk of institutionalization;
- with limited English proficiency; or
- with Alzheimer's disease or related disorders with neurological and organic brain dysfunction (and the caretakers of such individuals).

Greatest Economic Need (GEN) - Greatest economic need means the need resulting from an income level at or below the poverty line as defined by the Office of Management and Budget and adjusted by the Secretary of Department of Health and Human Services (DHHS) in accordance with the Community Services Block Grant Act.

Greatest Social Need (GSN) - The need caused by non-economic factors which include the following: a) physical and mental disabilities; b) language barriers; and c) cultural, social or geographic isolation, including isolation caused by racial or ethnic status, that restricts the ability of an individual to perform normal daily tasks or threatens the capacity of the individual to live independently. GSN groups are minority, 75+, living alone and non-English speaking.

Title III-D Targeting: Services are to be provided in the individual's home, congregate meal sites, through home delivered meal programs, or at other appropriate sites. Priority service areas are areas that are medically underserved and in which there are large numbers of older at risk individuals who have the greatest economic need for service.

Title III-E Targeting: Priority shall be given to older individuals in GEN and older individuals providing care and support to persons with mental retardation and related developmental disabilities (as defined in 102 of the Developmental Disabilities Assistance and Bill of Rights Act (U.S. C. 6001).

TARGETING OBJECTIVES

The OAA requires NIAAA to set specific objectives for providing services to older persons in the above targeted groups. NIAAA’s annual targeting objectives for funded providers are three times the proportion of target group older adults (minorities, low income minorities, and poverty) in Area 01.

NIAAA’s Title III targeting objectives for FY19 are:

TARGETING OBJECTIVES BY TITLE III OAA TITLE

REVIEW OF APPLICATIONS

The NIAAA Board of Directors will consider criteria contained in the Application for Funds review process and scoring criteria when making funding decisions. The NIAAA Board of Directors will make decisions on the awarding of grants and has the final authority in the selection of grantees.

Grants will be awarded to successful applicants based primarily upon an evaluation of a written application submitted to NIAAA during a competitive procurement process. Selection of applicants is based upon a multi-stage process defined in the Application Review Process and Criteria included in the Application for Funding.

Applicants should note that it is important that all sections of the application and attachments are correctly completed. An application with major portions incomplete or incorrectly completed may not be processed.

The application is designed to evaluate the quality of service which will be provided. There are two parts in Section 3 of the application that are each worth 50 points apiece. The scoring is as follows:

Applicant Information	50 points
Service Specific part	50 points
Bonus points for Minority Applicant	<u>5 points</u>
Maximum potential score	105 points

Points may be deducted if required attachments are not included. For currently funded grantees, points may be deducted from the earned score if there are serious ongoing programmatic problems or reporting issues.

A minimum of 50 points must be received for the application to be considered for funding by the NIAAA Board of Directors. The NIAAA Board may set aside funds until an acceptable application is received. If the same score is achieved by two (2) or more applicants, the current applicant in good standing will be selected.

APPEALS

Decisions on applications will be emailed to the applicant. An applicant organization, if eligible for appeal, must appeal in writing within ten working days after notification of its status. The appeal should be sent by certified mail. A copy of the NIAAA appeal procedure is contained in the NIAAA Service Provider Manual, Chapter 1.

NOTIFICATION OF GRANT AWARD

Notification of Grant Award (NGA) will be issued prior to October 1, 2015 subject to receipt of a NIAAA's award from IDOA. Approved applicants may need to submit a revised application prior to issuance of a NGA.

REQUIREMENTS FOR FUNDING

Grantee responsibilities for funding are included in the Application and the Manual. Depending on the service provided, the relevant portion of the Manual will be incorporated into the NGA. Applicants should, therefore, be familiar with the requirements contained in the Manual for the services for which they are applying. These requirements include:
