Adult Day Care Services

Adult Day Care Services provide family members and caregivers with time off to take part in other activities with the security of knowing that their loved one is receiving care from trained personnel. Adult day services provide programs ranging from socialization to active rehabilitation and health-related care. The structure of programs may vary, and some centers have specialized programs for persons with Alzheimer's disease.

Most Adult Day Centers offer flexible scheduling. Participants can attend from one to five days a week and receive service for a half or full day.

The State of Illinois pays for adult day services for eligible persons through the Community Care Program (See Community Care Program, pgs. 7-8)

Elder Abuse/Abuse in Later Life

Elder Abuse

Elder abuse is defined as an intentional act or failure to act that causes a risk of harm to an adult, age 60 or older. Abuse can take many forms, the most prevalent examples being physical abuse, emotional abuse, sexual abuse, passive neglect, willful deprivation, confinement, and financial exploitation. The abuse may occur in the home at the hands of a loved one or trusted caregiver or can arise from maltreatment of those residing in long-term care facilities and assisted/supportive living facilities. In addition, through a form of self-neglect, an elderly individual may fail to provide for his own needs due to a lack of means, capacity, or ability to do so while continuing to remain in his or her own home. Elder abuse can also be in the form of consumer fraud scams where vulnerable adults unknowingly give predators money or access to their finances, which can leave the vulnerable adult financially devastated.

Illinois Elder Abuse Task Force Report, 2020.

Adult Protective Services (APS)

Adults age 60+ and adults with a disability age 18-59 may be at risk of abuse at the hands of family members or others close to them. Abuse may be physical (rough handling, slapping, hitting), emotional (insults, threats, calling names), financial (forced signing over of property or money), neglect (withholding food, medical care, basic necessities of life, social contact), forceful confinement or restraint, or sexual (forced sexual intimacy).

Many older adults who have been taken advantage of are afraid to make a report for fear of reprisal. They need someone to call for help on their behalf.

Anyone can call to make a report, and the caller can remain anonymous. Calls should be made to the Illinois Department on Aging at 1-866-800-1409 (in- and out-of-state) 1-888-206-1327 (TTY) or to one of the following local agencies.

Power of Attorney (POA): A written document granting another person (“agent”) the authority to act on behalf of someone else (“principal”). There can be a POA for healthcare, finances, or both. The scope of the agent’s authority is set forth under the written POA document; the agent’s word that he or she possesses a POA should not be accepted unless and until he or she provides a copy of the written document. Although the agent under a property POA may have authority

to access the principal's money, the money should be used ONLY for the principal's expenses. It is not for the agent's personal use.

“Any person dealing with an agent named in a copy of a document purporting to establish an agency may presume, in the absence of actual knowledge to the contrary, that the document purporting to establish the agency was validly executed, that the agency was validly established, that the named principal was competent at the time of execution, and that, at the time of reliance, the named principal is alive, the agency was validly established and has not terminated or been amended, the relevant powers of the named agent were properly and validly granted and have not terminated or been amended, and the acts of the named agent conform to the standards of this Act. No person relying on a copy of a document purporting to establish an agency shall be required to see to the application of any property delivered to or controlled by the named agent or to question the authority of the named agent.” (755 ILCS 45/2-8(c))

If there are reasonable doubts concerning the statutory presumption, competent legal advice should be sought.

Guardianship: Probate court may appoint someone to make personal and/or financial decisions for persons with mental or physical disabilities if the Court determines that the person is unable to make responsible decisions for his or her personal care or finances because of his or her disability. The Guardian has a duty to manage the disabled person's care and assets, subject to periodic monitoring by the Court.

Long-Term Care Ombudsman program

The Long-Term Care Ombudsman Program protects and improves the quality of care and quality of life for residents of long-term care facilities (including licensed assisted supportive living facilities, and intermediate care facilities for the intellectually or developmentally disabled). Trained and

certified ombudsmen regularly visit long-term care facilities, monitor conditions and care, and provide a voice for vulnerable residents who otherwise may have no one to speak for them. Long Term Care Ombudsmen make every reasonable effort to assist, empower, represent, and intervene on behalf of the resident. Ombudsman work is directed by the resident.

The concerns and problems addressed are not limited to care issues, but include Medicaid, Medicare, family problems, guardianship issues and many other issues that confront long term care facility residents.

Anyone can contact the ombudsman program for information and to make a referral, including long-term care facility residents, friends, relatives, administrators, employees, or other concerned citizens.

For more information about Medicare Part D, and to enroll, please see Medicare.gov

“Extra Help” for Out-of-Pocket Costs

Social Security will assist lower income individuals with some of their Part D plan out-of-pocket costs (premiums, deductibles, co-pays, etc.). This benefit is called “Extra Help” To see if you qualify, see socialsecurity.gov

Individuals who receive Medicaid, SSI, QMB or SLIB will automatically receive the “Extra Help” benefit without having to apply. “Extra Help” applications are available at NIAAA, the Social Security Office, and other agencies serving seniors. It is also available online at socialsecurity.gov

Medicaid

Medicaid is a medical program administered by the Department of Human Services. The program covers some medical charges not covered by Medicare. Covered charges include basic inpatient and outpatient medical services and various additional services. Apply at your local Department of Human Services.

Qualified Medicare Beneficiary (QMB)

QMB pays Medicare premiums, deductibles, and co-insurances. Apply at your local Department of Human Services office or I&A site. Call for eligibility requirements.

Specified Low-Income Medicare Beneficiary (SLMB)

SLMB pays for the Medicare Part B premium. Apply at your local Department of Human Services office or I&A site. Call for eligibility requirements.

Qualified Individual (QI)

QI pays for the monthly Medicare Part B premium (similar to **SLMB**). While SLMB recipients receive Medicaid, QI participants have a “spend-down.” Persons enrolled in spend-down are not considered eligible for Medicaid. Contact your local Department of Human Services or I&A site.

SNAP/ Food Stamp Program

The Food Stamp program helps people with low income increase their food purchasing dollars. To qualify you must meet the eligibility requirements. Apply at your local Department of Human Services.

- Monthly income limits are 200% of the poverty level. Household income may be higher for certain elderly and people with disabilities.

Estate Recovery

The Illinois Department of Human Services may place a lien against any real estate owned by someone receiving Medicaid benefits. The claim will only be enforced after the death of the recipient or a surviving spouse and only when there is no surviving child under age 21, blind or permanently and totally disabled living in the home. Under certain circumstances, familial caregivers who lived with and provided care to a Medicaid recipient may be able to keep the home. Also, the caregiver had to have lived in the home with the person for at least two consecutive years with no interruption (i.e., nursing home stays).

For more information, contact your local Prairie State Legal Services office.

NOTE: The state will not put a lien on the estate of someone who only receives QMB, SLIB or QI-1 Benefits.

Senior Dining

Congregate meals are provided as part of a nutrition program administered by the Illinois Department on Aging under authority and funding of the Older Americans Act. The full cost of a meal is made known as a suggested donation amount. Meals are served to eligible persons regardless of their willingness or ability to make a donation. Meals at dining sites are available to anyone age 60 or older and to their spouses regardless of age if the eligible spouse participates in the program. Meals may also be made available to a person with a disability at a dining site located in a senior housing facility in which the person with a disability resides. Persons with disabilities, regardless of age, who reside at home with a person over age 60 and accompany the older person to the meal site are also eligible. Reservations are recommended at senior dining sites.
